Limits on Right of Way Plans: From: To:
Are the Project Limits consistent?
Yes No
Comments:
5. Have there been any project design or scope changes outside the original project extent or limits that were added or removed from the project?
Yes None
Comments:

Reviewers

iPM Project Manager:
Environmental:
Other:

The Virginia Department of Transportation has reevaluated the approved environmental document in conjunction with the right of way plans and found the NEPA document or CE designation remains valid. The intent of this reevaluation was to assess any changes to the scope of the project, rather than consider specific design elements. This re-evaluation satisfies the requirements in 23 CFR 771.129.
