Environmental Document Re-evaluation at PS&E Authorization

Date of NEPA document approval: / /
NEPA Document Type: PCE
FHWA NEPA Contact: Unwanna Dabney
Route:
Project #:
From:
To:
Federal Project #:
Town/City/County:
UPC #:

1. Is the current project design and/or scope within the study area evaluated in the most recently approved NEPA document?
Yes No
Comments:
2. Is the design and/or scope in the NEPA document consistent with the project proposed for advertisement/authorization?
Yes No
Comments:
3. Has the project design complied with all environmental commitments or conditions identified during project development?
Yes No
Comments:
4. Project limits in NEPA document: From: To:
Project limits proposed for advertisement/authorization: From: To:
Are the project limits consistent?
Yes No
Comments:
5. Have there been any project design or scope changes outside the original project extent or limits that were added or removed from the project?
Yes None
Comments:

6. Was a noise analysis required for the NEPA document?

Yes No

If yes, is the design year utilized in the noise analysis for the NEPA document consistent with the design year on the title sheet of the plan assembly?

Yes No

If yes, is the design year traffic on the final roadway plans title sheet consistent with the design year traffic provided during the NEPA analysis?

Yes No

Comments:

7. Are there any approved sound barrier wall(s)?

Yes No

If yes, are the correct sound barriers parameters included in final roadway plans?

Yes No

If yes, are the correct sound wall special provisions included?

Yes No

Comments:

Reviewers

iPM Project Manager:

Environmental:

Other:

The Virginia Department of Transportation has reevaluated the approved environmental document in conjunction with the proposed project limits and found the NEPA document or CE designation remains valid. The intent of this reevaluation was to assess any changes to the scope of the project, rather than consider specific design elements. This re-evaluation satisfies the requirements in 23 CFR 771.129.
